

November 2010

Just a short Newsletter to keep members updated.

Recent events included the auction of memorabilia in conjunction with Red Arrows. This was an amazing success raising around £800 for the chairman's Charity with virtually all the Lots being sold skillfully by Terry Trevett. The Annual dinner at the Royal Motor Yacht Club was enjoyed by all who attended and was considered good value.

Mike Phipps gave us an interesting presentation on the history of Bournemouth airport

Various outings organized in conjunction with the Red Arrows Association during the summer have been reasonably well attended.

We again have serious problems with our venue (the BFC Cafe). We were recently informed that it will be closed every day from about 6:00pm and therefore it will obviously not be available for our weekly meetings. For the time being we have been allowed to meet in the Flight Centre which of course is hardly satisfactory - no Bar- very limited seating. However the Committee is keeping the situation under review.

In the meantime President Sue is encouraging members of BAC to keep coming to our weekly Club Night on Thursdays. Attendance has, not surprisingly been rather poor lately. But we have to have some incentive to continue our weekly meetings.

For information herewith the programme for both organisations:

BAC @ 1900hrs Thursdays

4/11/10	Photo Competition
11/11/10	Committee Meeting and Chit Chat
18/11/10	Quiz
